Established in 2007, Elden Ring launched the action RPG genre and built up a great fan base with their popular titles, including the well-regarded The Eye of the Beholder series and the more recent Vox Populi. After forming an extensive partnership with Square Enix, they are now hard at work on the next major title, which has been in development for the last few years. You can read more about the game HERE.After his speech, attendees were treated to a few private screenings of Sony's big science fiction blockbuster The Amazing Spider-Man, scheduled to open Friday. Everyone, it seemed, wanted to see how the movie would blend together with the Peter Parker origin story that Marvel Comics had already told in a sequel trilogy that concluded last year. In the eyes of many fans, the biggest problem with the movie so far — one that the movie is still addressing — is the transformation of the charming, wisecracking Peter Parker. The second Spider-Man was meant to be in high school, taking on petty jabs with his friends. In the Marvel Cinematic Universe, the characters in the movies age at a more rapid pace, so Peter Parker did too — and the more times you watch him, the more apparent it is that he is now almost two decades older. "Spider-Man" is the name Peter Parker has always been known by, but the event made it clear that the Marvel Comics character is that of a young man, while the cinematic version is that of a slightly more grown-up and mature man, who is a bit older than his comic counterpart. The movie introduces him as a college freshman, already battle-hardened after nearly dying in the "The Amazing Spider-Man 2" movie. The audience was eager for any hints that the tone of the movie would adjust to better balance the new Peter Parker's youthfulness with its cast, which already includes Emma Stone as Peter's high school love interest, Betty Brant, and Rhys Ifans as baddie Morbius. After the movie, Smith-Johansson said, "Watching The Amazing Spider-Man, it is the way it was always meant to be." And according to the film's director, the day-to-day lived experience of a 19-year-old with a web-slinging ability didn't need to be limited to the comic books. �

Will you give Tarnished Crown a go? Please let us know with a comment below!

Please note that GameFly in the U.S.A. and U.K. does not carry Tarnished Crown, but they do carry two other Yggdrasil games, Merlin's Orbs and Virtue».

Tarnished Crown is available on PlayStation®4.

Moreover, I'm really digging how the dress shimmers a bit when you strike a skill or set an attack. It almost looks like a demon coming out of our protagonist.

Q: How to change the size of clicked link in webview android? I have three Activities A, B and C respectively. Activity A contains images and buttons for navigation. If the user clicks the image the WebView loads url corresponding to the image.That works fine. Now user is able to click the next link that appears under the image in webview for redirecting to respective activity. That works fine too.Now according to A, B or C user clicks next link one of the activity in which user is redirecting changes the size of the WebView i.e I and III from B and II from A and C. I could capture the OnTouch Listener for webview and change the size of webview,but what if I have any url in web view? How do I get the clicked link in webview? Hope I am able to explain my requirement. A: Got the solution.Added support library v4 and used webview.loadUrl here is the code webView = (WebView)findViewById(R.id.main_webview); webView.getSettings().setLoadWithOverviewMode(true); webView.loadUrl(""); "They're looking for ultimate control and sophistication," Beall told us. "It's a secretive group. They're watching everything these people do." Beall is also periodically hosting hackathons in his studio as well as open classes and film school, but says that the "culture of celebrity" in LA makes it difficult to push for change.
